

Sports Premium Funding Statement 2019-2020

The planned use of the sports' funding at Seend C. of E. Primary across the school. The school works on the belief that if children are **active, fitter and more alert children will have higher attendance and will have greater engagement in lessons resulting in higher achievement.** We also believe that children who enjoy and achieve success in P.E. at Primary School will **continue to participate in sport and progress at Secondary School and into adulthood** and therefore **the benefits will be longer lasting.**

School is being used **to promote increased health and physical activity** more healthy and active, then they are fitter and more alert. **Healthy,**
